

ORBITA I | Pendant

Stellar ILLUMINATION

The ORBITA I™ Luminaire

The **ORBITA I™** has quite often been referred to by happy lighting designers and specifiers as the “Missing piece” to their lighting needs. A perfect build, a powerful lumen output, and a variety of sizing options has made this exceptional work of art a stellar addition to any location that is in need of architectural lighting that is a step above the rest.

The **ORBITA I™** is absolutely coveted by lighting professionals all over North America! Some key features of the **ORBITA I™** luminaire are:

- Sizing options that range from 36" inches in diameter up to a considerable 84" inch diameter, has made the **ORBITA I™** a choice that makes significant improvements in any location.
- Because we make architectural lighting that doubles as art, the **ORBITA I™** is a perfect example of the reputation that has been built on manufacturing lighting that dynamically improves spaces 100-fold!
- As you've come to expect from TMS Lighting, the **ORBITA I™** continues solidifying our reputation for exceptional, long-lasting premium finishes that are equally as beautiful as the fixtures they are applied to - luxury knows no limits when it comes to our top-tier color selection.

Cafe | Modern | Minimalist

"The **ORBITA I™** is a decision in creating an interior atmosphere that is orbited by a beautiful luminary that upgrades the look, feel, and perception of your environment."
